The Architects' Association of Catalonia (COAC) holds the First International Catalan Architecture Mostra [2] with the aim of recording, highlighting and publicizing architectural works done abroad by Catalan architects.

The competition is open to COAC members and architects holding a College degree awarded by Catalan universities. Participants may submit any architecture work finished between September 2004 and December 2013.

The Fundació Banc Sabadell Award [3] is also awarded within the framework of the competition.

The registration deadline is November the 17th, 2014.

The program **Mostra d'Arquitectura Catalana** has the vocation of becoming the spreading vehicle of the architectural fact. It encompasses several categories, among which a jury will stress the works that will be recognized with a special distinction.
